

Ofsted inspection – and we've just lost all our school data!

Safe
with
BackupPilot

Safeguard your school's data now...

Are you really sure you can recover important school curriculum and management data if it was accidentally deleted or disks became corrupted? What would happen if your laptop or server was stolen or vandalised? How would this impact your Every Child Matters strategy or an Oftsted inspection?

Don't wait to find out that you cannot recover vital information.

Follow Beta guidance and put a backup strategy in place. BackupPilot has been specifically designed to address UK schools' needs.

BackupPilot's range of features includes:-

- ✓ Easy to backup and restore all types of data including SIMS
- ✓ Backs up all laptops, PCs and servers
- ✓ Automatically saves data both locally and offsite
- ✓ Uses unused broadband overnight
- ✓ No extra software to install on servers and PCs
- ✓ No more unreliable and fiddly tape backups

FREE! Information on backup in schools apply now: <http://www.backup4schools.com>
